Thank you for choosing A Wish Come True for your performance apparel. Please return this form, signed by you or the person authorized to approve the order to begin the process. Your ship date will be determined once this form is completed and returned.

### ***Your Schedule***

It is essential we have your help in meeting due dates to keep your project on a structured timeline. We recommend you allow 8 weeks from your design sketch approval to shipment of your order. Time frames will vary depending on the complexity of your garment. If the timeline provided will not work for your schedule, please contact us to discuss options. We will do everything possible to accommodate your performance apparel needs.

### ***Price Quote***

Please remember, the quote you will receive is an estimate, not an invoice. If your design changes after your sample is created, price will be subject to change. Your price quote will include \$100 pattern fee for each custom design. If you require more than one sample or additional design services, you will be charged accordingly. You will not be billed or charged until your sample is approved and your order is confirmed. You will be issued an invoice after your order is placed, which will include any additional taxes/shipping/design fees that apply. If you cancel your design after the sample is made, you will be charged the cost of the sample.

### ***Washing Disclaimer***

Note custom garments require special care. Hand wash one garment at a time. Use cold water only and mild detergents. Never add bleach. Never soak, scrub or twist garments. Roll garments gently in a towel to remove excess moisture. Lay flat to dry. To avoid color transfer keep dark and light colors separated (with a towel) when washing and drying. DO NOT DRY CLEAN or "hand wash" in washing machine.
